Académie

*Southwestern Louisiana Institute
Lafayette, Louisiana*

There is little left to say or do
in appreciation of her work.
How can we add anything
that will adequately express our gratitude?
She has been willing to understand,
to laugh,
to sympathize,
to give freely of herself,
all these years at Southwestern.

We realize that, compared with the magnitude of her twenty-eight years of service,
our tribute is small indeed. But hoping somehow to express our admiration, our re-
spect, and our gratitude, we dedicate this

The background of the image is a dramatic sunset over a coastal landscape. In the foreground, there's a sandy beach with some low-lying vegetation. Beyond the beach, a small town is nestled among hills. Several traditional Greek windmills with white blades and dark towers are scattered across the hills. The sky is filled with warm, orange, and yellow hues, with darker shades of orange and red near the horizon. A few wispy clouds are visible against the bright sky.
